

**City of San Marcos
Seton Medical Center – Hays Employee
Homebuyer Incentive Program**

**POLICIES AND PROCEDURES
2009**

1. PURPOSE AND ADMINISTRATION

The City of San Marcos established an economic development program under Chapter 380 of the Texas Local Government Code for the purpose of encouraging eligible Seton Medical Center – Hays employees to reside in the city limits as a means of increasing local spending and residential development. In conjunction with the Chapter 380 Program, the City of San Marcos entered into an agreement with Seton Medical Center - Hays setting forth the eligibility requirements for the receipt of financial assistance.

The program provides funding for down payment and related closing cost assistance in the form of a forgivable loan to qualified employees who agree to purchase a home in the City of San Marcos and to maintain the home as their primary residence for at least five years. Financial assistance is subject to the appropriation of funding for the program during each fiscal year.

Program funds are administered by the City's Development Services Department. Eligibility for assistance under this program will be determined by Seton Medical Center - Hays. Recipients of financial assistance under the program may be eligible to apply for other forms of financial assistance available from the City of San Marcos or other sources. A determination of eligibility to participate in such other programs would be made on a case by case basis applying the applicable rules for such programs.

2. AMOUNT OF ASSISTANCE AND ELIGIBLE EXPENSES

Loans to qualified applicants shall be **\$5,000 per applicant**. Eligible expenses include:

- Down payment applied toward the sales price
- Origination/application fees
- Document preparation / attorney fee
- Title policy/insurance
- Appraisal
- Survey
- Buyer's home inspection fee / termite inspection
- Recording fees
- Escrow fees

Pre-paid items that are eligible for funding include:

- Hazard insurance (maximum 12 months)

- Flood insurance (maximum 12 months) where required
- Property taxes (maximum 12 months)

3. FORGIVABLE LOAN

The loan shall be provided as a **zero interest, deferred forgivable loan** for a single family home to be purchased under fee simple title provisions. The loan will be forgiven at a rate of twenty percent (20%) or \$1,000.00 following each full year after the date of closing that the buyer complies with the loan terms. After the fifth full year of compliance, the loan will be deemed paid in full.

The homebuyer must execute a promissory note and a deed of trust lien in favor of the City of San Marcos. The loan will be filed as a second position mortgage lien.

4. LOAN TERM, PAYMENTS & REPAYMENT PROVISIONS

- A. The **homebuyer must remain continuously employed in an eligible position with Seton Medical Center - Hays and maintain and own and occupy** the home as his or her principal place of residency for a minimum period of **five (5) years** after the purchase date. The property purchased must be designated as "Homestead" for property tax purposes. The failure of the Borrower to remain continuously employed in an eligible position and to occupy the property as his or her principal residence, failure to comply with the terms of the note and deed of trust, and/or defaults in payments on the first mortgage, property taxes and/or hazard insurance constitute a default and may result in foreclosure.
- B. No interest will be charged on the deferred principal. In the event of a default, the City may recover certain expenses incurred in enforcing the note and deed of trust as provided therein.
- C. No payment will accrue or be payable during the loan term provided there is no default. The note will mature and become finally due and payable upon the expiration of the five year term, provided, however, that if no default has occurred which remains uncured, the amount of the deferred principal will be forgiven at the expiration of the term.
- D. In the event of any default, the balance of the deferred principal will be immediately due and payable. The balance of the deferred principal at the time of default, including the sale, lease or transfer of the property shall be the total loan amount of \$5,000.00 less the amounts forgiven at the end of each full year of compliance. If a default occurs before the end of the second year following the purchase of the property, for example, \$1,000.00 will be forgiven for compliance during the first full year, but no amount is eligible to be forgiven for the second year (regardless of when during the second year the default occurs). Thus, the balance of the deferred principal due and payable would be \$4,000.00.

- E. The City will verify the residency and other requirements periodically. Verification steps may include checking Seton Medical Center - Hays employment status of the borrower, property tax records and periodic fact finding investigations of compliance.
